

Kiara Resort - by Adri Bezuidenhout

(22/09/2011)

If you find yourself in or around Clarens in the Eastern Free State, try **Kiara Resort** as your base from where to explore the scenic surroundings. The resort is situated between Clarens and the Golden Gate National Park.

On site amenities include bass fishing in the most beautiful setting you will find anywhere in South Africa, a swimming pool, tennis courts, exercise equipment, a restaurant and child care.

You will also find the following in the area: a grocery store, squash court, horseback riding and medical facilities.

When making a reservation, ask for a chalet on the hillside closest to the Golden Gate National Park. The self-catering chalets - the one on top of the other - are spacious and the view from the outside deck towards the mountains is awe-inspiring. There is also a braai area on the deck.

Unfortunately the resort's website - www.kiaralodge.co.za - doesn't do it any justice. Also try www.holidayclub.co.za Click on resorts. Quick search Kiara Lodge. Click on resort info.

Kiara Resort is highly recommended by the editorial team.
